BYOD – “Bring Your Own Device” BYOD refers to a technology model where students bring a personally owned device to school for use as a tool for learning.

The Margaret River SHS BYOD program now extends from Year 7 to Year 10, however; we recommend that all students bring a BYOD computing device.

Margaret River Senior High School uses technology in all Learning Areas to enhance the learning experience of our students. When used appropriately, technology can increase curriculum engagement and relevance, and empowers students to be more creative and connected. Using technology enables versatile anywhere/anytime learning and is an essential skill for all students to possess as they move from school to further education or employment. The development of student ICT capabilities and 21st Century Skills is very much at the forefront of our teaching and learning programs.

Device Recommendations

It is recommended that parents purchase a device with the specifications below to ensure the best learning experience for our students and to ensure your choice will last and be fit for purpose. As a general guide a device with higher specifications and the latest software will last longer in the school environment.

| Minimum Requirements: | |
|---|--|
|  | A minimum screen size of greater than 10 inches (13" is recommended) & support resolution of at least 1024 x768 pixels |
|  | SSD (Solid State Drive)+- 128GB + (256GB or higher is better) |
|  | 8GB RAM or more |
|  | Operating System:  For best integration with Office 365 we recommend a Windows 10 (version 20H2 or later) or Windows 11 device <i>If using a Mac laptop - it should have an macOS of 10.15.4 or later</i>  |
|  | Battery life of 5+ hours |
|  | 5GHz Wi-Fi capability |
|  | Physical keyboard & mouse or trackpad/touchpad |
|  | Robust, students will possibly use the same device for 3+ years. |
