Suggested Items:

Some specific items such as Headphones/USB are listed more than once on this list but only one is required. In addition to specific course requirements, students will require general stationery- including exercise books, file or attaché file, pens, pencils, eraser, ruler, whiteout, glue and (1 only) USB. Teachers may request specific additional stationery items throughout the year.

BYOD Models for MRSHS

We recommend all students Bring their own computing device
Bring your own device" (BYOD) refers to a technology model that allows students to bring their own devices to school for learning in the classroom. At Margaret River SHS we ask students to bring a device to school as a tool for learning. As this device will be in the hand of your child, we make a few recommendations to ensure your choice will last and be fit for purpose.

Purchasing a device - Minimum Specifications

The following specifications guidelines ensure the device can be supported within the Margaret River SHS network. A Windows or Mac laptop integrates more effectively into our ICT workflow.

Devices should comply with the minimum specs listed below:

Feature	Requirement
Operating System (OS)	Windows or MAC
Keyboard	Physical – not only onscreen
Screen size	11" to 14" – not too large or heavy
Processor (CPU)	any but NOT Snapdragon/ARM yet (poor software and printing support)
Memory (RAM)	8GB as a minimum – 16GB RAM or above recommended for best compatibility with Media & Photography
Storage Type/ Size	SSD or NVRAM – 256GB or larger
Battery Life	6 hours minimum
Other	Protective Case & Warranty, Insurance for accidents

The device needs to be robust – the student will possibly use the same device for 3+ years.

Invest in extended warranty and insurance, accidents happen, and repairs cost a lot more and take longer without it

We recommend a touchscreen and stylus pen

OFFICIAL

– this allows students to write digital notes, keep up their hand-writing skills and embed learning with active participation.

We do not recommend a Chromebook, iPad or Android tablet.

While these devices will be able to access the internet, they are not compatible with school software, NAPLAN and printing
