Dear Andrew

I am pleased to advise that the Public School Review of Margaret River Senior High School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. The review is to be scheduled for 2027. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

I also note that the school has refreshed its approach for recognising and incentivising students, which has greatly influenced the atmosphere and culture of the school. By actively highlighting the social and emotional welfare of students, the school fosters a profound sense of community throughout its environment.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely
